

# PAVING STONE DISPLAYS

DURABLE, HOT DIP GALVANIZED, PURPOSE BUILT

VRE's Paving Stone Displays are:

- The perfect solution for safely and easily displaying paving and coping stones, bricks, and natural stone products
- Each model has been purpose built and engineered, and made of hot dip galvanized welded steel frames,
- Several models to choose from; custom sizes available
- These displays are used by some of the biggest suppliers in the stone industry, and are a great way to showcase your offering to both distributors and consumers
